

Unreasonable Lab VA Communications Toolkit

Introduction

Lovers of social good and the entrepreneurial spirit: we need your help! We're excited to be hosting the first ever Unreasonable Lab in Virginia! <u>Unreasonable Lab Virginia</u> is a 7-day Business Model Validation Lab and accelerator for early/idea-stage startups. This program is for East Coast-based entrepreneurs that are tackling social and environmental problems. It is designed to help these entrepreneurs rapidly identify and validate the foundational assumptions of their business.

Invite Entrepreneurs to the Lab

Dear [NAME],

<u>Unreasonable Lab VA</u> reached out to me and asked for the name of the most unreasonable entrepreneur I know, and you were my top pick!

What's an Unreasonable Lab?

An Unreasonable Lab is a 7-day accelerator for early-/idea-stage entrepreneurs seeking to address our community's most pressing issues using the tools of business and entrepreneurship. During those 7 days, high-potential entrepreneurs (like yourself) will come together with world-class mentors to validate their business models, talk to customers, and get guidance to scale their impact.

Why should you apply to the Lab?

The Business Model Validation Lab is designed to do one thing: provide early/idea-stage entrepreneurs with a step-by-step methodology to rapidly and systematically validate their venture's business model.

The Lab will help entrepreneurs to:

- 1. Understand what their job description is as an early-stage entrepreneur
- 2. Identify the foundational assumptions that underpin the venture

3. Design and run experiments to validate or invalidate those foundational assumptions through customer discovery, rapid prototyping, engaging with world-class mentors, and building out a basic budget and financial model

Next steps?

Applications for the Lab are now open! <u>Click here to apply</u> or check out <u>their website</u> for more info. Feel free to reach out to the team directly with questions.

Thank you for taking the time to read this.

Warmly,
